Hi Pepe,

Beginning in the next week or two, we'd like to start weekly posted CSLA cleanups in the Civic Center / City Hall East. The trash, human waste, and rodent problem have grown quite problematic, not to mention increasing security concerns for City employees in and around the parking garage and areas of CHE. (GSD and LAPD are working together on lighting and security issues).

Please touch base with Valerie Melloff, Asst. General Manager of GSD, who is copied here, ASAP to coordinate logistics, including day of the week, timing, or any other questions or concerns.

Appreciate you keeping me and our office in the loop, as well, as you work to finalize plans.

Nathaniel and Victor, this has obvious implications for you and your outreach workers and people experiencing homelessness in and around the Civic Center. It might be too early to start messaging to clients about the impending weekly cleanups, but maybe not. I leave that decision to you. We should make sure The People Concern is kept in the loop.

Let me know if you have any questions.

Thanks so much.

Brian
